**Costumes** are coming in and we thank you for having your payments up to date so your child was not disappointed and was able to take their costume home. As soon as the costume is received, it is being given to the classes. Any costume that still has tuition or costume fees due will not be given to the student. But, if you pay the amount due, you may get the costume at that time. We use your child's measurements and a size chart that each costume company provides to determine the size costume that was ordered. Most of the pants come many inches longer than needed because the costume company has to provide that size to fit the tallest child possible for the size. Alterations are at your expense. There is information on the board by the bathrooms with the phone number for a seamstress that has made and altered costumes for years.

### Pictures In Costume

Group Photography: Group pictures will be taken the week of April 17-20 at CoPA during your regular class time. When possible, individuals will be taken between group pictures. Those students that have signed up for individual pictures for April 5-8 but have not received their costume will definitely have individuals made during group picture week. Please let us know so we can work you into the schedule.

**ORDER OF SHOWS** The dance order of programs is attached so you will know the number of the routine in the show that your class will perform. There should be at least 3 routines between each costume change. If there are not, let us know now.
